1. Introduction

This document describes the procedure for installing **NextWindow Multi-Touch Device Driver** (NWFilter.sys) on the **Windows 7** operating system running on an **HP TouchSmart PC**.

2. Equipment

2.1 Hardware Requirement

This multi-touch driver is compatible with the following models:

- **HP TouchSmart PC** (Models IQ504, IQ506, IQ804, IQ816)

2.2 Software Requirement

- **Windows 7 Ultimate Build 7048** (64-bit or 32-bit)
- **NextWindow Multi-Touch Device Driver Installer** (Version 1.1.1.5 and later)

2.3 Installation Procedure

- Create an **Administrator** account.
- **Disable User Account Control** by setting to **Never notify** under **Control Panel > All Control Panel Items > User Accounts**.

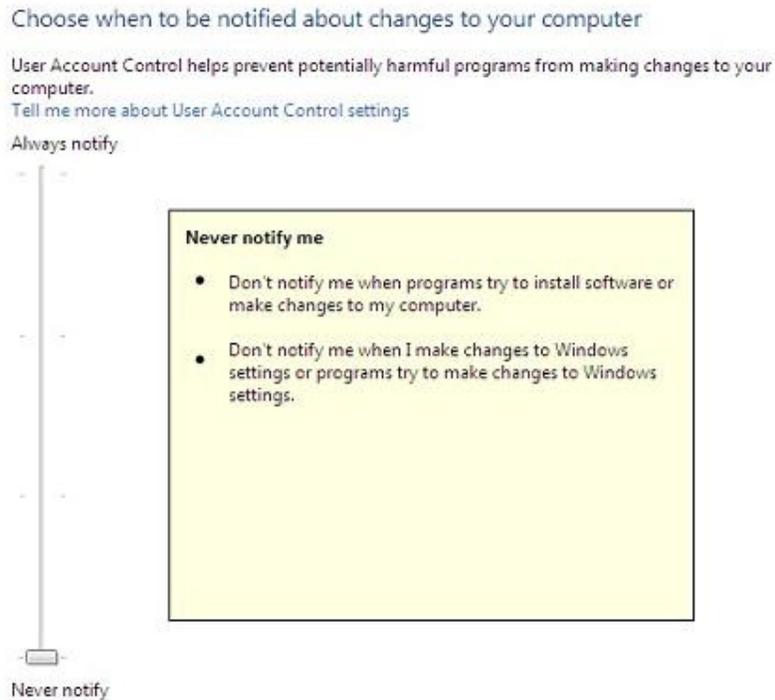

Figure 1. Disabled User Account Control screen shot.

- **Restart** the system.
- Download the **NextWindow Multi-Touch Device Driver** from this URL:

<http://www.nextwindow.com/windriver>

- **Run the installation file and follow the installation instructions.**
- After the installation, your touch screen is ready for use with multi-touch and Windows 7.
- To verify that the driver has been installed correctly, open a **command prompt** and type **regedit** and check that **NWFilter** (with Enum under NWFilter) exists under **HKEY_LOCAL_MACHINE > SYSTEM > CurrentControlSet > Services**.

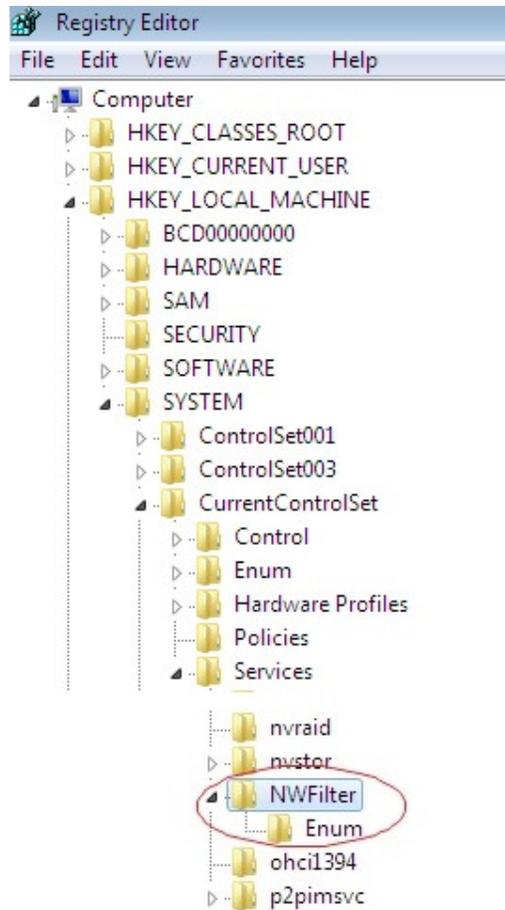

Figure 2.NWFilter in Registry screen shot.

- This completes the installation procedure.
